

## **Accelerated Reader**

“There are many little ways to enlarge your world. Love of books is the best of all.” – Jacqueline Kennedy

“The more that you read, the more things you will know. The more that you learn, the more places you’ll go.” Dr. Seuss

Dear parents/carers,

During this time, it is vital that our children continue to read. Reading opens to the doors to so many opportunities and allows them to access all areas of the curriculum.

To support the children’s reading, AR has changed their licensing which means we are able to test at home. Please find all the information about how to access it below.

If the text your child is reading is not on AR, please do not worry. The focus is reading, not testing. When your child is reading, you can ask them questions to support their learning. It does not all have to be done on AR.

If you have any questions, please do not hesitate to contact us.

Keep safe and look after yourselves.

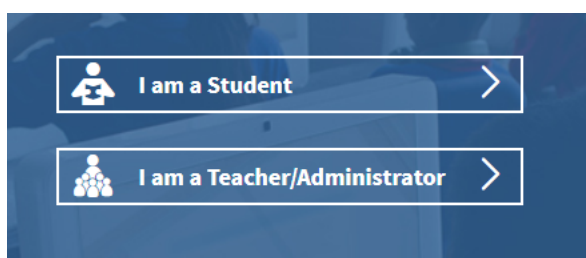

Kind regards,

When you click 'Take Quiz', it will ask how your child read the book. If they read independently, your child should do the test independently. If they read with someone or if they were read to, you can read the questions to your child but do not help them with the answers. The 'Start Quiz' button will appear once you have selected one of the options. On some tests it will ask if you want the recorded voice on or off (the questions are read aloud).

The children **are allowed** to use the books to retrieve the answers.

The image shows the 'Welcome' screen of the Renaissance Accelerated Reader Bookfinder website. At the top, the word 'Welcome' is written in a large, blue, serif font. Below it, the Renaissance logo is followed by 'Accelerated Reader Bookfinder™'. The text 'United Kingdom & Ireland' is displayed. A message states: 'Searching for Accelerated Reader books is fun and easy with this free online tool.' Below this, it asks 'Please tell us who you are:' and provides four radio button options: 'Student', 'Parent', 'Teacher', and 'Librarian'. A blue 'Submit' button is at the bottom left. On the right side, there is a large green magnifying glass icon.

Type in the name of the book. Be mindful that the book covers might not look the same.

The image shows the main search interface of the Renaissance Accelerated Reader Bookfinder website. At the top, the Renaissance logo is on the left, and links for 'Suggest Quizzes', 'About Us', and 'Help' are on the right. Below the logo, it says 'Accelerated Reader Bookfinder™'. A dropdown menu is set to 'Parent'. There are three tabs: 'Quick Search' (selected), 'Advanced Search', and 'Collections'. A search bar contains the text 'billionaire boy|' and a blue 'Search' button is to its right. Below the search bar, a message explains that users can search by author, topic, or title, and provides instructions on how to use the search results. On the left, there is an 'AR BookBag™' section with an 'Enter Keycode' field and a 'Go' button. Below this, a note states: 'You do not need a Keycode to search. However, if your child's teacher gave you a Keycode, enter it here to search the most relevant books for your child.' At the bottom, there is a photo of a child reading a book and a link to 'A Parent's Guide to Accelerated Reader BookFinder »' with the text 'Learn more about how to help your child develop a love for reading'.

Locate the book in the list. It will show the quiz number under the title and author.

BL = Book level (this is the levels within their ZPD) e.g. your child's ZPD may be 2.1 – 3.2

IL = Interest level. LY is lower years so lower years and MY is years 5/6.

Do not worry about the interest level unless you are concerned over the content of the book. If the book is not in their ZPD then that's okay. It is hard to accommodate this without the school library. We just want the children to read!

## **“I do not have access to many books/my child has read all of their books. Where can I locate other books?”**

This can be tricky but there may be some books online. It would be worth checking the following sites if they have any books that can be used on AR. If they do not then that is okay. The priority is reading, not testing. We would much rather the children reading so if it does not have a test then please do not worry.

If you find any websites with free books, please share them with us. We will also continue to share anything we find. It may also be worth looking at Amazon Kindle as they do have some free books or Audible free trials. Please make sure you look at all terms and conditions if you do this.
